

EdgeSmart™

Overview

Hospitality Card

EdgeSmart™ is designed to efficiently deliver services and incentives to your guests or members on either specialized function smart cards or stored value payment cards. Flexible, user defined parameters provide for extensive program options. Multiple programs maintained on the same card present opportunities for valuable linked services and effective co-branding.

Secure • Value • Service

Card features provide:

- guest / member profile
- various periods — single day, multiple consecutive days, selected dates, season
- ID and access to facilities (designated areas, floors, rooms, activities, special events)
- support for classes (child, adult, family, senior)
- restaurants, bars, cafés or meal plan
- support for multiple packages / privileges
- selected activation and time blocking
- card retains last 10 transactions; device retains all transactions
- all transactions date stamped

Card can contain a reusable or pre-pay disposable secure electronic purse with optional customer PIN, and programs for associated vendors, services and incentives.

Multi-lingual / multi-currency, *EdgeSmart™* supports all major card types and a variety of device platforms (including vending machines and RF technology). No on-site processor. Off-line data collection option. Remote download capability.

Hotels, motels, resorts, casinos, clubs, spa's, fitness centres and travel — customer service, customer retention and attracting new clients just got easier with *EdgeSmart™* **Hospitality Card**.
